

Single Original Cotton Rope Hammock

Relax in a century old tradition. Crafted in the same manner as it was over a century ago, The Original Pawleys Island Single Rope Hammock is constructed of a continuous woven bed of 100% 3-ply cotton rope and is perfect where space is limited. The Single Cotton Rope Hammock easily provides support for up to 450 lbs. Spreader bars, constructed of solid oak for premium durability and strength, are triple dipped in marine spar varnish to lengthen life. The Original Pawleys Island Hammock Tag is affixed to center of hammock spreader for authenticity. Hammock comes complete with superior constructed hardware. Heavy-duty zinc-plated hardware resists rust. 3/16 proof coil affixes to two inch diameter ring for hanging versatility. Zinc plated eyebolt is the largest in the industry for added protection and strength.
